INDEPENDENT AUDITOR'S REPORT

Village Council
Village of Mendon, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Mendon, Michigan, as of and for the year ended March 31, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Village of Mendon management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Village of Mendon, Michigan, as of March 31, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 9, 2006, on our consideration of the Village of Mendon internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

VILLAGE OF MENDON

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Village of Mendon financial performance provides an overview of the Village's financial activities for the fiscal year ended March 31, 2006. Please read it in conjunction with the Village's financial statements.

Financial Highlights

The Village's overall financial position decreased by \$93,750 during the fiscal year ended March 31, 2006, which represents 2 percent of the net asset position at the beginning of the year. Included in the Village's total net assets of \$5,412,899 are the Sewer Disposal System Fund net assets of \$3,869,472 and the Water Supply System Fund net assets of \$187,230. The Sewage Disposal System's net assets decreased by \$86,625 and the Water Supply System's net assets decreased by \$7,012.

The Village's Governmental Funds reflected a total fund balance at March 31, 2006 of \$583,503, which was a decrease of \$5,899 from the prior year end. Included in this decrease was the General Fund which reflected an increase of \$23,561; the Vehicle Sinking Fund which reflected an increase of \$9,804 and the Major Street and Local Street Funds which reflected a combined decrease of \$39,264.

The total Governmental Fund expenditures for the year ended March 31, 2006, amounted to \$482,455, of which \$216,817 (45 percent) was for public works; \$119,215 (25 percent) was for public safety; and \$135,977 (28 percent) was for general government.

Using This Annual Report

This annual report consists of a series of financial statements. The statement of net assets and the statement of activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year, and whether the taxpayers have funded the full cost of providing government services.

The Fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Village's operations in more detail than the government-wide financial statements by providing information about the Village's most significant funds.

The Village's Funds

Our analysis of the Village's major funds begins on page 11, following the government-wide financial statements. The fund financial statements provide detail information about the most significant funds, not the Village as a whole. Major funds for the fiscal year ended March 31, 2006 include the General Fund and the Major Street and Local Street Funds.

The General fund pays for most of the Village's governmental services. The primary services include police protection services and administrative services related to general operations that support the primary services. The General Fund is funded primarily by property taxes and state shared revenues.

VILLAGE OF MENDON

MANAGEMENT'S DISCUSSION AND ANALYSIS

General Fund Budgetary Highlights

As shown in the required supplemental information, the Village budgeted an increase of \$2,606 in the original budget and in the amended budget. Actual operating results ended up as an increase of \$23,561.

The actual results ended the fiscal year within \$20,955 of the amended budget.

Capital Assets and Debt Administration

During the year ended March 31, 2006, the total capital assets of the Village increased by \$43,123 of which \$35,630 was street construction and \$7,493 was for machinery.

During the year ended March 31, 2006, the total debt obligations of the Village decreased by the scheduled principal payment of \$96,000. Total debt obligations at March 31, 2006 amounted to \$2,100,000.

Contacting the Village's Management

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Village of Mendon conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to villages. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. For enterprise funds, GASB 20 and 34 provide the Village the option of electing to apply FASB pronouncements issued after November 30, 1989. The Village has elected not to apply those pronouncements. The more significant accounting policies establishing GAAP and used by the Village are discussed below.

Reporting Entity

The Village of Mendon operates a Council-President form of government and provides the following services as authorized by its charter: public safety (police, fire and inspections), highways and streets, sanitation, parks and recreation, public improvements, planning and zoning, and general administrative services.

As required by generally accepted accounting principles, GASB 14, these financial statements present the Village (the primary government) and its component units, entities for which the Village is considered to be financially accountable.

Discretely Presented Component Units - The component units' columns in the government-wide financial statements include the financial data of the Village's other component units. These units are reported in a separate column to emphasize that they are legally separate from the Village.

- a. The Downtown Development Authority was created to correct and prevent deterioration in the downtown district, encourage historical preservation, and to promote economic growth within the downtown district. Members of the DDA are appointed by the Village Council and the Authority is fiscally dependent on the Village since the Village Council approves the DDA budget and must approve any debt issuance.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Accounting - Government-Wide Financial Statements - The statement of net assets and the statement of activities display information about the Village as a whole. They include all funds of the reporting entity except for fiduciary funds. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in preparation of the proprietary fund financial statements but differs from the manner in which the governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the Village and for each governmental and component unit program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Some functions, such as administrative and financial services include expenses that are, in essence, indirect expenses of other functions. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the Village.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available, it is the Village's policy to use restricted resources first, then unrestricted resources as they are needed.

MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Accounting - Fund Financial Statements - Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary and fiduciary. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

- * Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- * Total assets, liabilities, revenues or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- * Any fund the Village elects to include as a major fund.

Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

The Village reports the following major funds:

General Fund - The general fund is the general operating fund of the Village. The fund is used to account for all financial transactions except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, state shared revenues and charges for services.

Special Revenue Funds

Major Street Fund - To account for gas and weight tax allocations to the Village by the Michigan Department of Transportation for construction and maintenance of major streets within the Village.

Local Street Fund - To account for gas and weight tax allocations to the Village by the Michigan Department of Transportation for construction and maintenance of local streets within the Village.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Vehicle Sinking Fund - To account for funds set aside for vehicle replacement costs.

Enterprise Funds

Sewage Disposal System Fund - To account for user charges and for operating expenses and debt service of the Village's sewer system.

Water Supply System Fund - To account for user charges and for operating expenses and debt service of the Village's water system.

The following is a description of two major categories and various fund types within those categories into which the funds are grouped:

Governmental Fund - All governmental funds are accounted for using modified accrual basis of accounting and the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual (i.e., when they become both measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Revenue Recognition - "Measurable" means the amount of the transaction can be determined and "available" means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Village considers property taxes, special assessments, licenses, interest revenue and charges for sales and services as susceptible to accrual if the amount was due on or before fiscal year end and collection was within one year after year end except for property taxes for which collection must be within two months of year end. Reimbursements due for state and federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made. All other revenue is recognized as payments are received.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Expenditure Recognition - The measurement focus of governmental accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt, which has not matured, are recognized when paid. Allocation of costs, such as depreciation and amortization, are not recognized in the governmental funds.

The following is a description of the governmental fund types of the Village:

General Fund - The general fund is the general operating fund of the Village. The fund is used to account for all financial transactions except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, state shared revenues and charges for services.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments and major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Proprietary Funds - All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resource focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility receivables are recorded at year end.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The water and sewer funds also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses include the cost of sales and services, administrative costs and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The following is a description of the proprietary fund types of the Village:

Enterprise Funds - Enterprise funds report operations that provide services which are financed primarily by user charges, or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes.

Budgets and Budgetary Accounting - Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are legally adopted for the general and special revenue funds. The Village adopts its budget in accordance with Public Act 621, the Uniform Budgeting and Accounting Act, which mandates an annual budget process and an annual appropriation act to implement the budget. The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- * On or about February 1, the Village Manager submits to the Village Council a proposed operating budget for the fiscal year commencing the following April 1. The operating budget includes proposed expenditures and the means of financing them.
- * Public hearings are conducted to obtain taxpayer comments.
- * On or about April 1, the budget is legally enacted through passage of resolution.
- * The Village Manager is authorized to transfer budgeted amounts within departments.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- * The budget for the general fund and special revenue funds are adopted on a basis consistent with generally accepted accounting principles.
- * Appropriations for the general fund and special revenue funds lapse at the end of the fiscal year.
- * Budgeted amounts are as originally adopted or as amended by the Village Council.

Deposits and Investments - Statutes authorize the primary government and component units to invest in the following:

- * In bonds, securities and other obligations of the United States or agency or instrumentality of the United States.
- * In certificates of deposit, savings accounts, deposit accounts or depository receipts of a bank which is a member of the Federal Deposit Insurance Corporation, a saving and loan association which is a member of the Federal Savings and Loan Insurance Corporation or a credit union which is insured by the National Credit Union Administration.
- * In commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase.
- * In United States government of federal agency obligation repurchase agreements.
- * In banker's acceptances of United States banks.
- * In obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- * In mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Receivables and Payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds." All other outstanding balances between funds are reported as "due to/due from other funds." Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

All trade and property tax receivables are shown as net of allowance for uncollectible amounts.

Prepaid Items - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets and Depreciation - Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost of purchase or construction. Contributed assets are recorded at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are also capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

	<u>Depreciable Life-Years</u>
Land improvements	15-40
Streets	15-20
Utility systems	30-50
Buildings and improvements	15-50
Machinery and equipment	5-20
Vehicles	2-7
Furniture and other	3-7

MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Long-Term Obligations - In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Property Taxes - The Village's property taxes are levied as an enforceable lien on property as of December 1. Village taxes are levied on the following July 1 and are payable without penalty through September 16. Real property taxes not collected as of March 1 are turned over to St. Joseph County for collection. The County advances the Village 100% for delinquent real property taxes. Collection of delinquent personal property taxes remains the responsibility of the Village's treasurer. The Village's property taxes levied on July 1 provide the revenue for the current fiscal year.

The assessed and state equalized taxable value of real and personal property located in the Village totaled \$24,587,837. The Village's general operating levy for the year was based on a millage rate of 9.1643.

VILLAGE OF MENDON

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Compensated Absences - It is the Village's policy to not pay for unused vacation or sick days and not to allow accumulation of unpaid days. Therefore, no current or long-term liability has been accrued.

Fund Equity - In the fund statements, reservations of fund balance represent amounts that are not available for appropriation or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

The Village uses financial institutions for investments purposes, which are in accordance with statutory authority.

The accounts maintained in the financial institutions are checking, savings, certificates of deposit and investment pool funds.

At March 31, 2006, the carrying amount of the Village's deposits was \$1,509,611 and the bank balance was \$1,572,751. The differences between the balances are the result of checks issued by the Village but not yet presented for payment. The risk exposure of all cash and cash equivalents, at March 31, 2006, is as follows:

Insured	\$ 468,435
Uninsured	<u>205,077</u>
Total cash and cash equivalents	<u>\$ 673,512</u>

The total cash presented on the balance sheet at March 31, 2006, includes \$100 of imprest cash.

The Village's remaining investments at March 31, 2006, consists of an investment pool, the Government Cash Reserves Fund in the amount of \$899,139, which by definition, are not categorized by risk. The carrying values and market values are the same for these investments.

The carrying amount of deposits for Downtown Development Authority, a discretely presented component unit, was \$466,368 and the bank balance was \$466,368. Of the bank balance \$13,976 is covered by federal depository insurance, and \$-0- is uninsured and uncollateralized.

The remaining investments at March 31, 2006, consists of an investment pool, the Government Cash Reserves Fund in the amount of \$452,392, which by definition, are not categorized by risk. The carrying values and market values are the same for these investments.

NOTE 3 - RECEIVABLES

Receivables in the governmental activities are 74 percent due from other governmental units and 26 percent accounts receivable. Business-type activities receivables are 98 percent special assessments and 2 percent due from customers.

Accounts receivable in the governmental activities and the business-type activities are reported net of an allowance for uncollectible accounts of -0-.

Receivables in the component unit include \$124,629 due from Mendon Township for captured taxes and \$101,624 due from the Mendon Village for captured taxes.

Accounts receivable in the component unit are reported net of an allowance for uncollectible accounts of -0-.

Receivables, long-term portion in the component unit is a land contract receivable collectible in monthly installments of \$652 including interest at 5.5% final installment due December, 2014.

NOTE 4 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

**NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006**

NOTE 7 - RISK MANAGEMENT

The Village is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Village has purchased commercial insurance for most risks of loss to which it is exposed. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

NOTE 8 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The annual budget is prepared by the Village management and adopted by the Village Council; subsequent amendments are approved by the Village Council. Unexpended appropriations lapse at year-end; encumbrances are not included as expenditures. During the current year, the budget was amended in a legally permissible manner.

The budget has been prepared in accordance with generally accepted accounting principles.

State statutes provide that a local unit shall not incur expenditures in excess of the amount appropriated. The approved budgets of the Village were adopted on a fund level basis.

During the year ended March 31, 2006, the Village incurred no expenditures in excess of the amounts appropriated at the legal level of budgetary control.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL
CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Village Council
Village of Mendon

We have audited the financial statements of Village of Mendon as of and for the year ended March 31, 2006, and have issued our report thereon dated June 9, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance - As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting - In planning and performing our audit, we considered internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Village Council, management and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
